**Sales Increased by 19% and Double-Digit Same Store Sales Growth**

(22 July 2011 – Hong Kong) **Embry Holdings Limited** (“Embry” or the “Group”; Stock Code: 1388), the leading lingerie brand owner and retailer in China, is pleased to announce its sales growth for May to June of the year 2011.

Overall sales growth of the Group for the period from May to June has reached 19% as compared to the same period of last year. Increase in sales is mainly attributable to continual increase in sales in the China retail market, an expanded sales network of the Group and increase in the overall demand from the Group’s customers. Products of all five brands enjoyed growth in sales during the period. For the stores that had been in operation for more than a year, same store sales enjoyed double-digit growth year-on-year.

During the above period, 29 retail outlets mainly in China, on a net basis, were added to the network, bringing a total of 2,012 retail outlets by the end of June, which comprised 1,823 concessionary counters and 189 retail shops.

As there is a net increase in the number of retail outlets, it is expected that there will be additional advertising and counter decoration expenses during the year.
